

Release Notes

December 2020

CoreLogic Database Update

Summary of Changes:

- 2 RFIs closed for the month of November
- 403 new Item Operations added for the December Database Update

Database Updates:

- Standard monthly material price update
- New Items Include: Custom Cabinets, Chimney Shrouds, Exterior Trim, Air Conditioning Condenser Pads and more.

Item Image Updates:

- No new images for December
- 960 total images have been completed to date, covering 1688 specific line items.

Future monthly updates will continue to have new images added as they are completed, as we continue to work toward the ultimate goal of building a comprehensive library of brand new images for the majority of items in the database.

Assembly Updates:

(Fixes and Updates - Assemblies)

- Asphalt Roofing
 - Fixed an issue where the line items were not populating when selecting the replacement of furnace pipe vent flashing.
 - Fixed an issue where the amount of individual shingles in a repair scenario was not populating correctly when selecting laminate or t-lock shingles.
- Cabinetry
 - Fixed an issue where selection of very good or excellent grade was adding multiple grades for base cabinets.

Desk Adjuster Updates:

(Fixes and Updates – Desk Adjuster)

- None
