

Release Notes

November 2021

CoreLogic Database Update

Summary of Changes:

- 324 new Item Operations added for the November Database Update
- 2 RFI's closed for the month of October

Database Updates:

- Standard monthly material price update
- New Items Include: Solid Core Bi-Fold Closet Doors, K-Series and LH-Series Bar Joists, Gypsum Concrete Underlayment, Vinyl Window Screens, Wall Girts, and more.

Item Image Updates:

- 37 new images were added for the November database update.
- 1227 total images have been completed to date, covering 2058 specific line items. Future monthly updates will continue to have new images added as they are completed, as we

continue to work toward the ultimate goal of building a comprehensive library of brand new images for the majority of items in the database.

Assembly Updates:

(Fixes and Updates - Assemblies)

- Asphalt Roofing
 - Changed all repair options from tear out to remove actions to better align with the intent of the database.
 - Changed all repair options to have the same number of shingles be removed as replaced to better align with estimating best practices.

Desk Adjuster Updates:

(Fixes and Updates – Desk Adjuster)

- None

RFI's closed during October 2021

IS-45437	Waste on Roof Felt items.	Client inquiring why there is no waste is added to the roof felt items by the software.	Roof Felt does not have waste assigned as rolls of this item are typically taken from job to job by the contractor. In addition, our research has indicated there is a negligible amount of cutting waste on this product. The user can elect to add waste as needed.
IS-45423	Shingle labor in Wichita, KS	Client inquiry regarding labor associated with shingle/roofing items in the Wichita, KS region.	CoreLogic is reviewing labor costs in Wichita, KS and the surrounding area and expect updates to be published for the November Database update.
