

Release Notes

January 2021

CoreLogic Database Update

Summary of Changes:

- 5 RFI's closed for the month of December

Database Updates:

- Standard monthly material price update

Item Image Updates:

- 50 new images have been rendered, completed, and uploaded for the January database update.
- Images focus on the 'fencing' and correspond to 112 specific line items.
- 1010 total images have been completed to date, covering 1802 specific line items. Future monthly updates will continue to have new images added as they are completed, as we continue to work toward the ultimate goal of building a comprehensive library of brand new images for the majority of items in the database.

Assembly Updates:

(Fixes and Updates - Assemblies)

- Asphalt Roofing
 - Fixed an issue where the felt calculation was populating incorrectly when using the repair options within the assembly.
- Decks
 - Added a question to account for deck steps
 - Added an option to account for pressure washing prior to painting/finishing
- Interior Walls
 - Fixed an error when selecting economy, very good, and excellent grade paneling that was preventing the line items from populating.

Desk Adjuster Updates:

(Fixes and Updates – Desk Adjuster)

- None

RFI's closed during December 2020
