CoreLogic Database Update December 2022

## Summary of Changes

259 new Item Operations added for the December Database Update

#### Database Updates

- Standard monthly material price update
- New Items Include: Commercial grade convection ovens, commercial grade steam kettles, commercial grade ranges, attic access panels, and more.
- As part of CoreLogic's continual commitment to our customers and our products, our claims labor rate data reflects market driven changes in this month's release. Adjustments have been made to the Bricklayer, Carpenter, Laborer, Drywaller, Operating Engineer, Plumber, Roofer, Sheet Metal Worker, Tile Installer, and Waterproofer labor trades as part of the December update.

#### **Claims Construction Bulletin**

 To keep our clients informed of current market trends, CoreLogic<sup>®</sup> has curated a monthly bulletin of trending cost variations for various loss types by regions within Canada.

#### Item Image Updates

- 50 new images were added for the November database update.
- 1590 total images are now present in the database, covering 2709 specific line items.
